Sign-up today for the FE preparation course!
The OSU student chapter of the Institute of Industrial Engineers is offering a review course for the Fundamentals of Engineering (FE) Exam. (The FE exam is the first step toward professional licensure (PE) in engineering.) This FE review course costs $80 and is open to all engineering majors. And, students who take this FE review course have a nearly 100% pass rate on the FE exam! Visit the FE Review website for more information and register online by Dec 3.

(Please note that registering for the review course does not register you for the exam. The next exam application deadline is Dec 1.)

IE and MfgE students - come hear/ say what you REALLY thought about your IME internship
TONIGHT at 6 pm in the MIME Library (Covell 117) come and hear about the internship experiences your IE and MfgE classmates had at different companies! This may help you choose which companies to talk to at MECOP Fall event the next day.

If you would like to share about your internship experience (MECOP or non-MECOP), signup at the door and be prepared with a 2-minute "elevator speech" about your biggest projects, the work environment at the company, lessons learned, and whether or not you actually liked it. All IME's are welcome!

Below is a list of events that people have told us about and the listing is not intended to a comprehensive listing of everything that is happening on campus. If you would like an event to be included, please add it to the MIME Calendar or email the MIME E.
Bulletin box with the details and we will post it for you. Most events are pulled from the online calendar to include in the E-Bulletin. Student group meetings are only listed in the E-Bulletin for the first meeting of each term.

Undergrad and School-Wide

PLAY VOLLEYBALL! Take a break from your studies and play volleyball with your IE and MfgE classmates! When: Wed, Nov 16 at 6 pm at Dixon Rec Center Lower Courts.

GET HELP THROUGH FINALS! If you are finding that you need a little help with your studies, make an appointment with an academic coach. Coaches can help you make a study plan, avoid cramming, and learn time management and study tips. There are three ways to set up an appointment: call (541) 737-2272, email a coach, or stop by the Academic Success Center in Waldo 102.

CELEBRATE INTERNATIONAL EDUCATION WEEK. IEW is an opportunity to celebrate the benefits of international education worldwide. There are events all week - check out the schedule by clicking here.

INROADS INTERNSHIP. Paid, multi-year summer internships are available for underrepresented minority students in engineering. You must be planning to get your bachelor's Dec 2013 or later and have a minimum 2.8 GPA. Click here for more information and apply online by March 31 for priority consideration.

ENROLL IN THE EMERGING LEADERS COURSE. The Center for Leadership Development is having a class this winter for undergraduate students who are new to leadership, and looking for ways to increase their skills, knowledge, and
