Feature Stories

ASME to host info session - 20 internships to be filled!
Longview Fibre Paper and Packaging Inc will be here Thurs, Dec 1 at 6 pm in Bexell 103 to recruit 20 people (graduating seniors and juniors) for 3–6 month internships at their Longview, WA location. ASME is hosting this information session so that you can ask questions and find out more about what Longview has to offer you. These openings close this December, so the company requests that you bring copies of your resume with you. Pizza provided!

Check out the new Rogers kiosk!
A new computer kiosk has been installed outside of Rogers 204. It contains all of the old class composites that were on the previous machine as well as a map, the School of MIME directory, and a trailer for the upcoming Global Formula Racing documentary, Relentless. Come and check it out when you have a minute between classes!

In addition, if you have material to contribute, we would love to expand the content. Please send your material to Miranda Hennan for review and posting. And thank you!

Mark Your Calendar

Below is a list of events that people have told us about and the listing is not intended to a comprehensive listing of everything that is happening on campus. If you would like an event to be included, please add it to the MIME Calendar or email the MIME E-Bulletin box with the details and we will post it for you. Most events are pulled from the online calendar to include in the E-Bulletin. Student group meetings are only listed in the E-Bulletin for the first meeting of each term.

Tues, Nov 29

Thurs, Dec 1
Deadline to register for the FE Exam.
Information session with Longview Fibre Paper and Packaging Inc. 6 pm, Bexell 103. They are recruiting 20 juniors/seniors for internships. Pizza provided.

Fri, Dec 2
MI ME Graduate Defense: Force and Impulse Control for Spring-Mass Running presented by Devin Koepl, candidate for MS in Mechanical Engineering. 1 pm, MIME Library (Covell 117).

Sat, Dec 3
Deadline to register for the FE Review Course.

Plan Ahead

Mon, Dec 5
MI ME Graduate Defense: Design and Performance of a Small Scale Waste Heat Recovery Unit presented by Chris Ward, candidate for MS in Mechanical Engineering. 1 pm, MIME Library (Covell 117).

Tues, Dec 6
MI ME Graduate Defense: Container Fleet-Sizing for Part Transportation and Storage in the Supply Chain presented by SeJoon Park, candidate for PhD in Industrial Engineering. 9 am, MIME Library (Covell 117).

Announcements

Undergrad and School-Wide

COME SEE THE ENGR 111 DESIGN COMPETITION DISPLAY. Come support your fellow students and see some intriguing designs. ENGR 111 student term projects will be on public display on the first floor of Covell Dec 1-5. The assignment was fairly broad in scope, so students were very creative in designing an item that is made primarily of recycled goods, is easy to manufacture, and is marketable and profitable. Come see the display and if you have any questions, please contact Dr. Lyons.

Scholarships, Fellowships, and Research Internships

POST-DOC AAAS S&T FELLOWSHIPS. The American Association for the Advancement of Science is now calling for applications for 1-2 year Science and Technology Policy Fellowships. Placement opportunities are available in
congressional offices and 15 executive branch agencies. For more information, please visit the AAAS S&T website.

---

**Job and Internship Opportunities**

**Here are some of the listings you will find when you search The Beaver JobNet for current postings:**

- **Production Manager/Engineer** at Double Press Manufacturing, Inc (closes TODAY)
- **MBA and MS/PhD in Engineering Latin America & Caribbean** at Kimberly-Clark (closes Nov 29)
- **Mechanical Engineering Student Intern** at Daimler Trucks North America (closes Nov 29)
- **Application Engineer** at Applied Materials, Inc (closes Nov 30)
- **ELE Project Engineer - Electrical & Mechanical** at Georgia-Pacific (closes Nov 30)
- **Electrical Engineer Student Intern** at Daimler Trucks North America (closes Nov 30)
- **Mechanical Engineer** at ENERGYneering Solutions Inc (closes Nov 30)
- **Sport Research Intern with Adidas Innovation Team** at Adidas (closes Nov 30)
- **Industrial Engineering Intern** at Linn County General Services (closes Dec 1)
- **Operations Engineering Intern** at Linn County General Services (closes Dec 1)
- **Applications Engineer** at Nikon Precision Inc (closes Dec 2)
- **New Grad Semiconductor Engineer** at Cree, Inc (closes Dec 23)
- **Crew Training Engineer** at Bechtel Corp (closes Dec 24)
- **Engineering Standards-Fasteners & Hardware Library** at OLSA Resources (closes Dec 26)
- **Test Engineer I - Fuel Economy Testing** at OLSA Resources (closes Dec 26)
- **Test Engineer I - Product Validation** at OLSA Resources (closes Dec 26)
- **Sr. Test Engineer** at OLSA Resources (closes Dec 26)
- **Hands-on Entry Level Engineers** at Computer and Engineering Services, Inc (closes Dec 30)
- **Asia-Pacific Engineering and Operations** at Belden Inc (closes Dec 31)
- **Engineering Internship** at Georgia-Pacific (closes Dec 31)
- **Manufacturing Engineer** at Goodrich Corporation (closes Dec 31)
- **Materials Engineer** at Johnson Controls (closes Dec 31)
- **Sport Apparel Research Intern – adidas Innovation Team** (closes Dec 31)
- **Engineering Student Intern** at Leviton Manufacturing (closes Dec 31)
- **Microelectronics Hardware Engineer** at Biotronik/Micro Systems Engineering (closes Jan 31)
- **Service Engineer** at KoCoS Technologies LLC (closes Jan 31)
