**This Week’s Features**

**Interested in Robotics? The DRL is hiring!**

Dr. Hurst and the Dynamic Robotics Lab (DRL) have been busy creating a robot that can move just like people with the hope that they can one day carry heavy loads, assist disabled people or even carry soldiers off the battlefield. And they need more help!

The DRL is looking to hire more students to assist in their bipedal running robot project. **Today at 3 pm in Covell 021,** they will host a demo and Q&A session for any student that is interested in applying for a position. Students can be in any major and at any level of education, if they can contribute useful work to the lab. If you are interested, contact Dr. Hurst or show up today at 3 pm.

**Good luck to Baja**

The OSU Baja team will be leaving today for Auburn, AL to compete against 100 other teams from around the world. The competition will be the first of 3 US competitions, with the others taking place in Portland, OR (May 2–5) and in Madison, WI (June 7–10). This is the first time any OSU team has attended all 3 US competitions.

Wish the team luck and follow their progress on their [Facebook page](#).

**Mark Your Calendar**

Below is a list of events that people have told us about or that we have pulled from the online MIME calendar. It is NOT a comprehensive listing of everything that is happening on campus. If you would like to include an event in this listing, please add it to the MIME Calendar, or email the MIME E-Bulletin box with the details and we will post it for you. Note: Student group meetings are listed in the E-Bulletin only for the first meeting of each term.

**Announcements**

**Undergrad and School-Wide**

**IMPROVE YOUR GRADES.** OSU's Academic Success Center can help you improve your grades, get (and stay!) organized, and learn new study techniques. They have many tools including academic coaching, peer education training, supplemental instruction, a writing center and information and referral services. There are 3 ways to set up an appointment: call (541) 737-2272, email a coach or stop by the ASC at Waldo 102.

**ATTEND THE HITACHI INSPIRATION CONSULTING SUMMIT.** Hitachi Consulting is a widely recognized leader in delivering practical, value-based business strategies and technology solutions... and they are looking to hire OSU ME, IE, and MfgE majors. Their Inspiration Consulting Summit, held June 24–29 in Denver, CO, enables undergraduate students to be introduced to various Hitachi Consulting career options, and practice the leadership and team working skills that will be invaluable in your university career and is a key recruiting opportunity for Hitachi to find and hire you. See the official flyer for more information.

**Faculty/ Staff/ Grad Students**

**JOIN THE NEW MIME GRAD STUDENT SOCIAL SKILLS SOCIETY.** MIME GS4 is a new social group looking for grad students who would like to take an occasional break to meet fellow grad students. One of their first activities is to put together a coed intramural soccer team for the April 22–June 8 season and they need more girls. If you are interested, please contact Rachel Yim. The team will be filled on a first come, first served basis.
